*I Know Another One*

[Click here to scroll to December 13, 2023.](#)

This is my anthology of over 1001 original poems in various meters, which I wrote over 1001 days - Between 19-Sep-2022 and 15-Jun-2025. I wrote these poems - these thoughts - for the purposes of wooing a woman, and also to show the young ones how wooing could be done.

My assumed audience is rap enthusiasts. That subgroup of people who have used some internet time to watch rap battles. Some of my poems are possibly poetry from the perspectives of popular persons. Viewer's discretion is advised.

*Whatever chases a rat into the fire, must be hotter than the fire.*

Dear diary, I met a friend yesterday, and she's the reason I'm starting this diary.  
I plan to write to her every morning, or at least every day.  
The girl's name is Hibatullah, and she has her battleaxe  
4 up for the men who advance to her.  
I write to you, you read to her, so that we overwhelm her  
with consistency and our no-quit optimism,  
for a shift in her 'paradigm'.  
8 So this is the first of my many reflections for my own sake and for her.  
Love, peace out, yours faithfully, signed, *et cetera*.

2/1001

2022- Sep- 20

*We sing to commit to memory the words of our elders.*

Dear diary, she's probably in the air right now, high as a kite  
I pray she's alright. I like what she does to me. Focus is hot.  
Time will make me tell who she is and who she's not.  
4 She's defensively chill, intellectually hot.  
Temporarily illiquid, from travelling back and forth.  
She's beholding. She's sexy. What are my intentions? I forgot.  
Oh yeah, to get her. To scheme her into choosing me as her partner.  
8 Until then, Love, peace, signed, *et cetera*.

2022- Sep- 21

*Your mission, should you choose to accept it: leave your responsibility better than you found it.*

Dear Maria, check out your daddy's plan to be a better man.  
Wouldn't it be nice to have a reminisce on how I wooed your Mum.  
It wasn't a case where I smiled, and she just fell apart.  
4 I had to work to win your mother's heart. Your mother's smart.  
I know to marry her I'll have to stand out from many as one who is the perfect sir;  
with the right history, chemistry, pay, and daily literature.  
So you see, daddy's a focused man with a cinematic plan to woo Hiba,  
8 the girl next door... As always - Love, etc.

## 4/1001

Excellent leaders execute benevolent virtues for its citizens.  
 She voluntarily adopts responsibility for fulfilling our instincts.  
 Don't be exhausted on her behalf - f\*\*\* off and get her coffee.  
 4 In this way, the gods may block her but can't stop she. Indeed.  
 The dream before she dies will be a roll of credit sequence,  
 that shows the names of whom the cherished cast and crew was.  
 While she's alive, if anybody says to her "we need to talk"  
 8 She should say "Indeed, we need to talk". So that friend's frightened as f\*\*\*.

2022- Sep- 22

*Instead of doing what you must do, do what you can do.*

## 5/1001

I'm not done with the leaders, we're the fulfillers of tomorrow.  
 Instead of doing what you must do, do what you can do.  
 Do less or do more than expectations, but do do it ("you said doodoo").  
 4 Don't say "f\*\*\* it" to the suffering and then give up to the sorrow.  
 Expectations gives stress under the left breast, so stay true.  
 Make good choices, manage your wants, only suffer for needs.  
 It is an act of self-discipline to be kind to the things we can't control.  
 8 Be a good friend to yourself; celebrate your progress, however small.

2022- Sep- 23

*The good man bears his gifts into the world, not selfish for attention, but for the people among whom he is placed; for the gifts are not his, he himself is a gift to the community.*

## 6/1001

We can't ever go back home. It has changed. It has evolved.  
 Every meeting is about creating war or trying to return from war.  
 A backpack is for the former, a backed baby for the latter.  
 4 Love is for the former, heartbreak happens in the latter  
 A marriage is for the former, a family home is for the latter.  
 Do both together, mother and father.  
 Hard times create strong men. Strong men create good times.  
 8 Good times create weak men. Weak men create hard times.  
 History repeats itself in these patterns; it rhymes.

2022- Sep- 24

*You can't go back and change the beginning, but you can start where you are and change the ending.*

7/1001

- I've imagined death so much it's stopped making me sick.  
My trick, you know, is; it's good to be optimistic.  
Why fear death? Why fear life's end come quick?
- 4 If God wanted me dead, I wouldn't be here, I think.  
I might be wrong, my song might be short and sweet.  
But why fret, why see it coming, why predict?  
I can't control if I nervily vomit, but I can look beyond it.
- 8 I don't fear death anymore, and it's because I'm an optimist.

2022- Sep- 25

*To embody philosophy: believe with your heart, profess with your lips, act out with your hands.*

8/1001

- I'm a 3D animal who can imagine future shit.  
But that knowledge doesn't make me a 4D spirit.  
I dance, *haka*, pray with raw intense energy,
- 4 I'm not a god, I'm an animal, I claw, I fight, I spit.  
I've lied to Hiba one time, and it's not something worth confessing.  
I'm still just a three-fucking-dimensional person.  
Death is not a destination it is the absence of one.
- 8 I hope that when I die I'm worthy to become 4D.

2022- Sep- 26

*The less I desire, the richer I am, the freer I am. But peace is not the absence of desire, it is a desire in the right direction.*

9/1001

- This poem is about breakfast, but not the British kind.  
His moniker is Burna, he prefers his meals African.  
His heartbreaks are served in generous tripe-laden pans.
- 4 The daughters of the soil sit down and wash their hands  
before dipping ring-less fingers into his Yoruba dish.  
He swipes for the next girl, while a fed girl's still in bed.  
But when will they know he cares nothing for their Toastings.
- 8 And he prefers to focus on the Bread instead.

2022- Sep- 27

*After meeting your needs, success is not about increasing your haves, it's about managing your wants.*

**10/1001**

It was the best of times it was the worst of times.  
 It was Nigeria's booming 20's, and I'd say it was fine.  
 Unknown gunmen and their crimes.  
 4 Graduate students in their primes.  
 Revolutions and Revelations, many shifts in paradigm.  
 If one of us said Nigeria was doomed, they were blindly lying.  
 If one of us said all Nigerians are evil, they were boldly trying  
 8 to confess their own heart and soul with that daft pantomime.  
 Were the hard times end times? Or just the way the world rhymes.

2022- Sep- 28

*In fiscal responsibility, saving and getting  
 a deal are different things. One is about  
 putting money aside and the other is about  
 spending less than expected (I remember  
 hearing somewhere that wise men and  
 woman save money in men and women.  
 I'm pondering that as a definition for  
 investing).*

**11/1001**

This poem is about competition, the drive to surpass  
 Without competition, everyone carries last  
 'Surpass' and 'last' was a bad rhyme, but I did it  
 4 My effort for rhyming is waning and I can feel it.  
 Must I even rhyme? Must I even make substantial sense?  
 I'm not getting paid to write, I'm making zero cents.  
 and where is my competent rival that I must outplay?  
 8 Oh shit, he is me, I must write better than yesterday.

2022- Sep- 29

*If you want to go fast, go alone, if you want  
 to go far, go together.*

- THE BRIGGS' KITCHEN

**12/1001**

Dad was fixing the generator, he said "hold this torchlight".  
 I pointed it at the exact spot he wanted, I'm a good child.  
 He stood up and went to look at the gen's behind.  
 4 He said "Mumu, point that light here. Can't you read my mind?"  
 Afterward, Daddy said I am to bring him a plate of dodo.  
 I asked him where to drop it. "On my head oh", he said oh.  
 I did what he asked me to do, I put it on his *molo*.  
 8 he looked perplexed, he looked vexed, he yelled out "Otondo!".

2022- Sep- 30

*Perfection is a horizon that recedes as you  
 approach it.*

13/1001

- Turn up the music, this my jam, come,  
diligence is my slam dunk.  
*I sabi create work down gan!*
- 4 *Add value wey dey handsome.*  
Give ideas to my mates for free.  
Sit down where my heart wants to be.  
Don't stop till I get enough, *shamon!*
- 8 Squeaky wheels get the grease, you see.

2022- Oct- 1

*Have you ever had a dream that's... when you want something so much you could do anything?.*

- BOY IN A RED T-SHIRT TRYING TO  
QUOTE HERCULES (1997)

14/1001

- If you study the greeks properly,  
you learn to love the word beauty.  
Don't delude that beauty is close to Godliness. It is wrong.
- 4 For example, goodness takes the necess-ity of song  
and infuses the ultimacy of truth as a reminder.  
I sing to find / recollect the words of our elders.  
Beauty isn't goodness, so don't be a fool.
- 8 "Beauty is the perfect use of a good tool"

2022- Oct- 2

*Never give up on a dream just because of the time it will take to accomplish it. The time will pass anyway.*

- EARL NIGHTINGALE

15/1001

- As you go about life you must suffer some pain.  
Here's a virtue that averts you from going insane.  
Feelings are all things neither good nor bad for you.
- 4 Catch yourself feel the feelings felt true and through.  
Throw a tantrum, or respond "oh look, something new".  
Your body now wants air, food, or whatever it wants to do.  
Take some time to breathe or pray on this new feeling this new day.
- 8 Patience is a virtue not to be thrown away.

2022- Oct- 3

*Building a project in the dark without letting people use it early on is the best way to make something nobody wants.*

16/1001

I want to grow up to be a clean gentleman.  
 Physically and spiritually spic and span.  
 It may be hard to attain it, but I just won't quit.  
 4 Be an elder with an ember of wisdom and wit.  
 It won't be so difficult, if I come to think of it.  
 Cause there's so much filth around; so much smut abound.  
 Our amount of crowned clowns is soundly astounding.  
 8 Forget them, eat from my spoon without wiping.

2022- Oct- 4

*In teaching, sometimes let people do what  
 they want so you can see what they'd rather  
 do.*

17/1001

*Tune into the king of songs and blues. Ololademi Asake.  
 More hits from naija loaded dot com. Falz the bad guy here.  
 Kapai Chumarimarichopaco.  
 4 "He dey carry me dey where I nor know"  
 Insane in the membrane. Olu Maintain.  
 Gbedu wey dey burst brain.  
 It's your boy Wizzy. O.B.O!  
 8 MoHits na who do the beat oh-hh.*

2022- Oct- 5

*... be ready always to give an answer to  
 every man that asketh you a reason of the  
 hope that is in you, with meekness and fear.*

- 1 PETER 3:15

18/1001

I'm afraid of the rain.  
 What happens in my brain  
 is that I fear  
 4 the noise is here  
 to mask my muffled screams  
 as God ends my dreams.  
 The windows shake,  
 8 my ears quake,  
 as I awake to take my last prayer.

2022- Oct- 6

*Keep the pace - focus. Keep the faith -  
 blessed assurance.*

19/1001

Check it... I hit a red light yesterday up at the business lunch.  
They loved the plan a lot but went on to say such and such  
"your charm and smile can wait a while, and it'd be wise to pause,  
4 this is not a roadblock, of course the sauce is *noice*"  
So I guess I have allies - experienced spies on the inside.  
I've been giving birth to our ideas, your boy is fertile.  
Braggadocios loquacious entrepreneur  
8 Bodacious business-building in Abuja.

2022- Oct- 7

*Fix the things that announce themselves as  
"in need of repair".*

20/1001

I hate your oh-so-deep sponsored-by-Shakespeare poem.  
I know "to be or not to be" is true, but okay, what then?  
Dear poet, I do not know what you are on and on about.  
4 You make unnecessary references and sit back with no doubt  
that you are making sense as our self-appointed poem deity.  
But if we "meh" your poetry, you are not communicating.  
It's your job to go Picasso your words onto my window.  
8 Lose the depth, make some meaning, be more memorable.

2022- Oct- 8

*The best moments usually occur if a  
person's body or mind is stretched to its  
limits in a voluntary effort.*

21/1001

To be or not to be,  
Which choice will bring beauty?  
All these 8-line poems,  
4 Will achieve choiceful moments.  
To die or not to die,  
The choice to try bringeth life.  
Dig into who is boss,  
8 Fulfil the good news of Jesus.

2022- Oct- 9

*Before you can tell your life what you want  
to do with it, you have to listen to your life  
telling you who you are*

22/1001

How do I pencil down your “Regal Royalty” voice and vibe.  
 Hiba, my life, shall I compare thee to a winter’s night inside?  
 Thou art able to make me feel warm, comforted, and seen.  
 4 My muse, my friend, my crush who stopped and questioned me in.  
 Thou giveth me joy, Queen of women. You’re blessed, it’s a given.  
 The future that you’ll bring will be a much welcome heaven.  
 No weapon formed or fashioned against you prospereth.  
 8 Thou are the best stress-free anchor for my heart.  
 ...I am seriously yours

2022- Oct- 10

*What would the task look like if it was easy?  
 Would you then do it? Would it be fun?  
 How could you do it to be easy and fun?*

23/1001

Dear diary, she’s like a stallion who’d let me ride her.  
 But would she ride her fastest if I yelled out “Hiba!”?  
 I’ll reassure her there’s no other. Actions speak over lip.  
 4 Lead her to water every day, although I can’t make her sip.  
 She’s accepted our relationship, and I will still abide  
 I’m ride-or-die as long as I’m alive, hungry, never satisfied.  
 She’s my life.  
 8 I cannot flatter myself that I found Hiba because I was a ‘good picker’.  
 Hiba rings a bell in me for canoe partner.  
 I am hers faithfully. Love, etc.

2022- Oct- 11

*Do not play a role in your own non-  
 imaginative demise.*

- LEFIE

24/1001

She used to walk in rooms and look for her emergency door.  
 A fighter may surrender battles but a warrior never quits war.  
 She used to visualise and plan to fight for her escape route,  
 4 but now... she’ll attack back, a war to protect the innocent few.  
 Now she’s a warrior to feed and protect her people.  
 Great power, great responsibility to not feed her ego.  
 That warrior who fears hurting others, is the one revered.  
 8 The people’s servant is loved, the people’s tyrant is feared.

2022- Oct- 12

*I have worked tirelessly to give you the  
 “for better”, but I also gave you this “for  
 worse”.*

- MICHEAL IRVIN APOLOGISING TO  
 HIS WIFE.

25/1001

The class clowns just love to play,  
And only do their best when they,  
Are told they oughtn't;  
4 The teacher pets never shrink  
From boring books but have to think,  
Their work important.  
In both, there's room for happiness.  
8 The chooser and choice in some sense,  
Aren't independent.

2022- Oct- 13

*I know it makes you happy, why would I  
want to deny you that?*

- RYAN HOLIDAY APOLOGISING TO HIS  
WIFE

26/1001

For my SS3 year to go well swell.  
For my insecure self to get liked by a girl.  
That my new-found confidence does not subside.  
4 For all of mine to miss me if I just died.  
Hope they don't find that I'm almost an agnostic.  
That I gather the f\*\*\*ing mind to just commit.  
These are 'a want per year' for the past 6 years.  
8 These were my hopes and also weirdly my fears.

2022- Oct- 14

*Do what you love, love what is good. Do  
what is good.*

27/1001

Y'know, I wouldn't mind it if my wife poisoned me.  
I kinda deserved it, or else she'd end up feeling guilty.  
Our only rule will be 'don't lie; we can handle any truth'.  
4 She may kill, cheat, or steal, but at least tell me.  
I want the same qualities in me, no secrecy  
Sheer ruthlessness with utmost transparency.  
Bukowski said "Find what you love and let it kill you".  
8 Be killed passionately or die peacefully at one-o-two.

2022- Oct- 15

*Love is the desire to see unnecessary  
suffering ameliorated.*

- JORDAN PETERSON

28/1001

To be a woman  
is not easy.  
Same brain as man  
4 raped for beauty.  
I wasn't of age.  
We'd had no marriage.  
The man is alive.  
8 His name is my cage.

2022- Oct- 16

*Treat yourself like someone you are responsible for taking care of.*

- JORDAN PETERSON

29/1001

Here's the class on writing poems, which Uni didn't offer.  
Two dollars I can give quickly, two cents will take longer.  
Be authentic, be consistent: touch the heart, hit the deadline.  
4 Don't use buzzwords or big words when small words work fine.  
Have a theme and stick to it - one perspective per poem.  
Rhythmic syllables is the sh\*t - familiar timings, not foreign.  
Avoid mystifying 'em - you wouldn't be clear, you'd be annoying.  
8 And lastly, but not leastly, don't be predictable.

2022- Oct- 17

*How far are you from your target? What happens if you don't finish on time? How can you finish on time? Nevertheless, I am proud of you. You are doing your best.*

- RAHUL

30/1001

I hate the overly holy, handy, happy, heaven-bashers.  
Stop talking and use that mouth for something else that matters for starters.  
If you WERE a ball of pure, joyous, light and positive energy,  
4 you'd be in deep denial or on drugs unprescribed by clergy.  
Have a bit of selfish dark humor you goody two shoes.  
Drama done right could be *scrumdliliumcious*.  
Don't be a tyrant for order, take as much chaos as you can.  
8 What's a king to a god? What's a god to a chaotic man?

2022- Oct- 18

*When the purpose of a thing is not known, abuse is inevitable.*

31/1001

2022- Oct- 19

*Do you want X? or do you desire to be someone who has X?*

- A hard-worker's reward is more work. Am I burned out?  
Rushing poems is bad, and I know my last one went south.  
But with a pen in hand and my sharp mouth, I will die doing what I love.  
4 Find what you love and let it drain you is my cure for burnout.  
When I'm exhausted of the monotony,  
ineffective on expected productivity,  
or catch myself saying "I can't take much more of this shit",  
8 I just accept my determined death in the relationship.

32/1001

2022- Oct- 20

*Plan, execute, review — your ideal day.*

- 20th of October. End SARS ended. People died.  
Mothers wept, Fathers cried.  
A change to culture is what we'd tried.  
4 A change to SARS only keeping their own mothers alive.  
The rest of us should start dying as soon as we're born.  
Well, our lives started last year when we found something worth dying for.  
If leopards break into a temple and drink up all the wine;  
8 As old as time, the people try to stop it happening as usual.  
Or else it becomes part of culture, and is incorporated in the rituals

*S = Should do = Schedule a date.*

*Co = Could do = Delegate it now.*

*W = Would do = Ignore it for now.*

- A rooster once crowed to wake him up in his secret life.  
To a strange hotel, he stirred, he stared, and then he blinked twice.  
Outside a window, a pharmacy sign blinked, one colour at a time.  
4 There was no denial of where he had come into last night.  
He'd been here for eight hours, time felt longer with this girl.  
He had done the unforgivable - his stomach began to swirl.  
What's his alibi? What in heaven's name does he tell his girlfriend?  
8 I cried and tried to stand. That's when I woke up from the nightmare.

Here are some rules for travel on different zoom-zooms.

If they're wrapping you or backing you,  
they'll drop your butt down soon.

4 Enjoy it while it lasts, that may be the last time they ever do.

On the back of a bike or a *keke* (AKA rickshaws)  
don't tickle the riding rider - the balance will turn off.

Don't sit behind a Bolt driver when it's dark, boo.

8 Airplanes, jets, cruise ships, yachts, space shuttles, canoes,

Life's a journey, travel wisely, Hiba, use good tools.

**35/1001**

Babyboy, "Where's my perfect partner?" is the wrong question, and "Who can I  
mould into perfection?" could also cause depression.

Mould yourself - ask more, not less, of the man in the mirror. Become the perfect  
4 date myself, instead of searching for her prior.

Or else my perfect date won't like me - won't choose me out of the many. I'll be  
caught if I'm a catch, the ocean has fishes aplenty.

If my country sucks, what grade of citizen am I to it?

8 If my dealt cards suck, what grade of player am I to it?

Dear future husband, you are the most excellent of men.

I love that you serve Maria and Martini, our unborn children,

38/1001

Walking into work like "I'm gonna marry that chick".  
Floating on cloud nine like the world can suck my big dick.  
You can imagine, she'd read my poem in her sweet sultry voice.  
4 In her sexy tender whisper I could hear deliberate choice.  
I'm gonna marry that chick, and I know it's not by mouth.  
I'll play my part, I'm prepared to face death to prove my love, no doubt.  
I'll tear apart the heart of boys and girls who start to be wheel third.  
8 The death of a thousand for you, oh object of my whole world.

*We're even wrong about which mistakes we're making.*

- CARL WINFELD

39/1001

Our parents probably didn't get everything right.  
But they knew how marriages work in its start.  
My generation is just scattering love in the air.  
4 all in the name of sexy vibes and *inshallah*...  
Is that to be my life's entire acquired empire?  
To die a prince and finesse a rep as someone else's sire?  
I will die a king - a focused man who, for his queen, kneels.  
8 A web of queens, a web of lies, are the least of my worries.

2022- Oct- 27

*A poem titled Anyway.*

*"People are often unreasonable, illogical and self-centered; Forgive them anyway.*

*If you are kind, people may accuse you of selfish, ulterior motives; Be kind anyway.*

*If you are successful, you will win some false friends and some true enemies; Succeed anyway.*

*If you are honest and frank, people may cheat you; Be honest and frank anyway.*

*What you spend years building, someone could destroy overnight; Build anyway.*

*If you find serenity and happiness, they may be jealous; Be happy anyway.*

*The good you do today, people will often forget tomorrow; Do good anyway.*

*Give the world the best you have, and it may never be enough; Give the world the best you've got anyway.*

*You see, in the final analysis, it is between you and your God; It was never between you and them anyway."*

- KENT M. KEITH

40/1001

I'm not (and will never be) rewarded enough for my work.  
 I ask myself "I'm getting paid for this?! the money's too much"  
 See the paralysing paradox doc?  
 4 Payment, recognition, results, rewards don't matter.  
 They just delay my rage, my death, my here-after.  
 I don't look forward to the reciprocating gifts of the gods,  
 I look forward to dying while pushing the love  
 8 of my life up that hill past the point of tiredness. I'm Cicyphus.

2022- Oct- 28

*"Well, I'm not saying I love you unconditionally, it's just, we've been through a sh\*tload of conditions, and I'm still here."*

- MARTY BYRDE, TO HIS WIFE

41/1001

She writes me, she calls me not,  
 she loves me, she knows me not.  
 She doesn't know the feelings I've got.  
 4 She doesn't know the worlds that I've fought.  
 And there's no time to know it all, so we chin up, trust, work.  
 I'm running out of time and when my time's up, pens up.  
 All I know is that my energy won't drain anytime soon.  
 8 I'll completely fulfill my dream on earth of 8-line poems.

*Noumena means things in themselves. Orthodoxy means the right things. Phenomena means things as they appear. Orthopraxy means the right action. Perspective means to perceive things in their actual inter-relations or comparative importance. Orthokardia means the right heart.*

42/1001

I just finished reading Aldous Huxley's *Brave New World*.  
 It's one of the classics, and it beat my expectations! Word.  
 It's the best book that I will **never** read again, too true, too sad. It was sad to see  
 4 his characters -  
 the victims of circumstance - living in that dystopian future that's devoid of romance, devoid of pain, devoid of. . . dancing in the rain, per chance.  
 It has an astonishing ending, for an annoying fucking book.  
 8 It's a big-worded look at today's society - written in 1932.

2022- Oct- 30

*I was trying to impress you, not intimidate you.*

43/1001

- Can I be vulnerable for a second? For just a millisecond?  
 Lay down my guard and tell you what I think about often?  
 What happens in a month? Six months? A year?  
 4 If you tell me you don't really want to go there?  
 What if tomorrow is the fucking day you say you want to stay friends?  
 What happens then? Do these poems end?  
 I don't...I.....  
 8 By me, nothing like bad ideas is ever going to happen.  
 I want to take care of you just like your Dad is doing.

- She's letting me ride on, keeping the chase alive.  
 White pawn to E4, and black pawn to E5.  
 By not saying a word, I may or may not persist.  
 4 White bishop to C4, and black knight to C6.  
 She wants space, but Pengk's heart is too sweet.  
 White queen to H5, and black knight to F6.  
 She prays when push comes to shove, she doesn't hesitate.  
 8 White queen to F7. A scholar's checkmate.

45/1001

- Okay, I'm bored now, back to wars.  
 Render to God what is Caesar's.  
 What are wars? Cause and cures?  
 4 Seems to me to be when an established empire  
 gets challenged by rising powers.  
 The Victor is the one with more allies,  
 beating the one with more resources.  
 8 Passionate ally-ships makes for better stories.

*From our tandem rides, the front rider lost 10 pounds but the rear rider gained 10 pounds – resulting in no net loss of bicycling weight!*

- JUDY FAROUT

46/1001

There was a night she came with belly.  
 She was pregnant while at uni.  
 Month-old – the baby. She didn't tell me.  
 4 Hoped to fuck and make me the daddy.  
 Claimed she's olive oil (extra-virgin)  
 Tried to seduce me by merging verses.  
 She wants to harm me? She and what army?  
 8 Months later, the baby emerges.

47/1001

She grabs his firm buttocks to turn on the oven.  
 He kisses her on father, son, holy spirit, and devil.  
 She calls on his name when the oven is preheated.  
 4 He wipes his chin and steps into the kitchenette.  
 She watches as he delicately places the tray inside.  
 He takes his time. No oven glove. Bakes the creampie.  
 She hugs him tight. She came first, and then three others.  
 8 (The word "she" came first - get your mind out the gutters.)

*It takes a special person - motivated, stubborn as a mule.*

48/1001

We bless, and we receive you, Maria, you beautiful mess.  
 In all of your uniqueness, strength and weakness.  
 You are valuable. As God is with you, we wholeheartedly  
 4 be your sanctuary to keep you safe - your mother and me.  
 Please understand that you are our everything and so much more.  
 You are a queen's daughter, there's things you shouldn't settle for.  
 In your life, you should be seen, heard, connected to,  
 8 befriended honestly, mutually supported, and respected too.  
 You're a king's daughter, words cannot express your might.  
 Don't have a job for job's sake nor endure not being liked.

*A (physicist) is a device for turning coffee into theorems.*

- PAUL ERDOS

49/1001

Yo, Hiba, are you alright? Because I wanna fight!  
Put on your gloves! Why are you making me feel trite?  
Make some noise, poop your thoughts, say something back!  
4 anything! I'm starving for feedback, good or bad!  
YO! Don't be doing that if you don't wanna fight!!!  
I know you got my last seven posts, I wrote the addresses on them perfect.  
Anyway, that's it for today's poem, I switched it up a bit.  
8 Go fuck yourself, I'll talk to you tomorrow, cause I give a shit.

2022- Nov- 6

*I remember my grandfather telling me how each of us must live with a full measure of loneliness that is inescapable, and we must not destroy ourselves with our passion to escape the aloneness.*

— JIM HARRISON

50/1001

Dear Pengk, please don't take it personally, I've just been busy.  
I don't want you feeling lonely, yet I am guilty.  
But my sins do not match the wickedness that you are putting on my head.  
4 I didn't ask you to start these poems, so what do I care if they drop dead.  
God gives you what you do and don't deserve in life  
and asks you to use all of them to serve him. Why  
do you want to fight? I'm sorry I made you feel like a bad suitor.  
8 Make your art. I'll tell you when it's good, won't I?

2022- Nov- 7

*Daily activities that healthy people tend not to think about take tolls on people with chronic illness. We start the day with a certain number of spoons, and play our day around not running out. Socializing might cost spoons, using the stairs might cost spoons, lifting things might cost spoons, etc. For example, Skylar might say "It's a low spoons day today, I don't think I'll go out."*

— CHRISTINE MISERANDINO

51/1001

Hi... How far?  
How are ya, Hiba? How's your month going?  
It's me again, Pengk, I can't question my devotion.  
4 I should address yesterday... But I don't know what to say.  
I'm sorry if the piece made you feel some type of way.  
I know I sound cliché, but I want you to want to call.  
I'm drawn to you each morning like moth to a light bulb.  
8 I guess it was my intention to fight you into replying,  
but when you called, I realised it wasn't genuine.

2022- Nov- 8

*...by their efforts, you shall know...*

52/1001

It's Hiba here :/ I dey oh, but school's overwhelming, chief.  
 I'm burning the midnight candle at both ends like it's an Onitcha thief.  
 I ate breakfast in a Bolt today, cause I was in a haste.  
 4 My first time ever doing that, I thought he'd ask me how does it taste?.  
 The car just reeked of spices, and at one point he coughed.  
 I couldn't hold it anymore, I laughed, and laughed, and laughed.  
 I'd laughed so damn hard, I told him to keep the change.  
 8 You know... it's so weird when you respond for me, Pengk

*Only the ones that persevere can enjoy the  
 fruits of their labor.*

53/1001

The most important decisions in one's life are hard to teach.  
 Like, one has to figure out for oneself who to work for or work with.  
 Figure out how to get along, how to listen, how to provoke.  
 4 Who to marry, where to live, how to recognise luck.  
 How to deal, how to be real, how to balance one's ego.  
 Like, I recognise that I might be unique but not special.  
 How to be curious, how to be scared, how to expect and to react.  
 8 Figure it out with courage, justice, wisdom, self-control, and all that.

54/1001

Why are some friends suddenly asking me for money?  
 In two days, three different friends called to call me honey.  
 “我的妈呀, buy me data” 1k, three five, 6k gone.  
 4 I keep buying shit, just make sure I keep track of it all.  
 I got faith, family, friends, asking me for finance.  
 Shit is weird, I should say no, but them are my mans.  
 The only person that doesn't ask, is the love of my life.

- The more options one considers, the more buyer's regret.  
Is it best to get the first choice from a list but end up less  
satisfied, or go with your gut for a good enough outcome and be glad?
- 4 It'd take you three years, anyway, before you'd know good or bad.  
I'm picky with restaurants and movies. What are you picky with?  
Set an external standard that if it doesn't meet then cut it.  
Look at the pricing, reviews, deadlines of when to choose.
- 8 Then go with your gut on the available, and see how it goes.

56/1001

- Hey Pengk, it's Jane here, Hiba's told me about you.  
You and your letters. . .  
I hope, for her sake, you're true.
- 4 Do not bring more insecurities and guilt than pleasure.  
Do not hold her back, nor frown at her plans to travel.  
It's not a brain drain, it's a brain boomerang.  
And it's for your own good, if you really want to marry her.
- 8 That's it from me, my two red cents I hope make sense.  
Whether it works out or not, 'tis always for your everest.

- Zeno had gone to meet the Oracles as a young man.  
The Oracle said "you will become wise when you begin

I do usually read from the past and write for the ones I most definitely

58/1001

I sit and stir betwixt a pair of trees with spits of golden hair,  
 I see some birds clothed with living colors of brown and red,  
 They flit and dart, they tweet and fart, the sweet beat  
 4 soft tune of their sounds keep me in my hypnotized state.  
 They seem to sing, "Come fly with us. You have a feather"  
 I wish I could tell them it's for quilling my mating ritual.  
 I wish I didn't have to rhyme every time I spoke,  
 8 show the bad guy, the mad magpie, the good bloke ...

 I'm arm wrestling with you, and God ain't gon forget it.  
 4 Of course, *you'd* say *you* would, but I don't think you get it.  
 I believe profoundly that we are guided - that we're led -  
 to fulfil the creation of humanity - not chill instead -  
 for the future, from the future. I can explain it, it's *sha* weird.

Standing at the edge of a diving board, ooh baby.  
 Thinking "I can't do it. I can't do it.. I can't.. But maybe".  
 I've got to represent my allies to the world,  
 4 or I won't hear the end of it.  
 I should quit, but holy shit, what if I CAN do it?  
 Screw it. I take a step forward and my stomach holds tight.  
 It says "it's now or never, kid, we can't be here all night".

 4 Cut!! Hey, Pengk, in that last take you were kinda  
 aggressive? Let's tone it down a bit, she's your love-bun.  
 Quiet on set, take three - poem, microphone, action!  
 "I'm not an endless spigot, not a frothing idiot,

Why do black men wear neckties?  
It serves no purpose in my eyes.  
It doesn't give warmth like a scarf.  
It doesn't fasten my shirt like a button.  
Some white man once wore it to stand out,  
and now, years later, it's the standard?  
It's an unnatural unfunctional addition to me;  
a fashion accessory with no history.

*Born in May 1917, John Bumpass Calhoun was an American ethologist and behavioral researcher. He believed that overpopulation could threaten the future of the human race. His studies in population density and its effects on behavior resulted in his Big idea: Behavioral Sink.*

*The term behavioral sink describes a collapse in behavior that can result from overcrowding. The initial hypothesis of John B. Calhoun was simple. He believed that when the population increases in a limited space. This leads to social breakdown.*

*To showcase this, he conducted a series of experiments with rats. The idea was to create "rat utopias" - "enclosed spaces in which rats were given unlimited access to food and water, enabling unfettered population growth." The only adversity was the limit on space.*

*Initially, the rat population grew at a rapid rate. Doubling every 55 days. However, that changed on day 315. The population growth dropped significantly - doubling every 145 days.*

*Also, there was a breakdown in the social structure. Some of the changes in behavior were the following: Inability for males to maintain their territory; Young were expulsions before weaning was complete; Aggressive behavior of females; Wounding of young rats; Increase in homosexual predisposition.*

*After day 600. The social breakdown continued and permanently changed. The population declined toward extinction. Females ceased to reproduce, while males withdrew completely from all social interactions. They were mainly engaged in solitary pursuits - eating, sleeping, and self-grooming.*

*The conclusion from this experiment was that when all space is taken. When all social roles are filled. The stress experienced by the individuals in that narrow space will result in a total breakdown in complex social behaviors. Eventually, resulting in the demise of the population.*

I'm a tech guy, so I see my life as a long download.  
 A long movie that I can watch as I'm downloading it.  
 If I live to 100, then I am currently 22% finished.  
 4 I hope the file will pass 23% and not buffer nor crash.

 I don't know if the movie with my name is comedic or tragicomic.  
 I don't know if the play is mine to make, or if the choices have been pre-made.  
 But I know it's a good play.  
 12 Else He wouldn't make it.  
 Nor make me make it.  
 Nor watch it himself.  
 Nor let it play out in the background.  
 16 I don't know the ending.  
 But I hope it's a twist nobody saw coming except me.  
 If I'm being honest, I would be even happier if it was a twist I didn't see coming.

Dear diary. Dear Maria, I had not seen you in a while

Then I saw you nearby today, with Marvelene and I

You watched your Mum and Dad kiss for a first (and long) time

4 Whenever your mum melted, I stopped and said "I've got you"

Boo, when you overflow as our baby, know I've got you too;

Whether it's tears, giggles, vomit, sleep, pee, emo, or poo,

I've got you, I'll be sure to change you. No pun intended.

8 Until then, all you get are the rhymes, and Mum and Dad on the bed.

Dearest Maria, your Dad was too hot, that's why your Mom melted  
 Oh, Dear Maria, your Dad's got you like I've got you pre and post natal  
 I bare open my breasts to the moon to pray on this day,  
 4 that when the time is right, you'll get a Pengk to your Inore  
 I pray we set a good example of a sexy stable marriage  
 May your husband-to-be control himself when you're on the verge to merge

 She observed him come closer, and tilted for his kiss.

Dear father, I am sure it is my duty to break the silence on my dealings;  
There is a Gentleman of this town, named Pengk, for whom I have feelings.  
He is a Youth Corper with a firm foundation, no pun intended, a Civil Engineer.  
4 He is a Deltan 23-year-old Christian, and over our months we have grown near.  
I am aware of my high opinion of his character and circumstance,  
But I assure you, Sir, I have given him no blessed assurance.  
I seek not to conceal from you a worthy affair's beginnings  
8 I live in obedience to my parents, and I persevere to hear your preference.

### Marvelene's Letter To Prof. Dadda

Good morning Dad. How was your night?

Since I can better express myself in writing, I decided to text you.

Dear father, There is a gentleman in this town, for whom I have feelings.  
This is my first and only relationship, and we both started it with a purpose - to spend our future together.  
He is a Youth Corper, a Civil Engineer(M.Sc). He studied at the UK. He's from Delta state, a Christian.

I gave us two years before marriage, because I concluded that we both need to find our footings after this phase called Youth Service. I also think it's too early to meet my parents, so I blocked him.  
I'm getting to know his parents first, I've met his mother in Abuja here a few times.

I know that glistening gold is eye-catching, but Dad, I don't see happy Inokarare in that marriage.  
I like to think my happiness is the topmost priority.  
I already fasted and prayed to God about it, and I got this message: Last year, I asked God to send me someone that fits me, a good person that's inline with my moral values, because it looked like I had a closed-off heart and wealth couldn't even attract me.

Then I met this person, he was my friend for a while, and I studied him.  
And I thought, "Wow, he's a treasure". I didn't tell that to him though, and he later expressed his feelings.  
Why let go of a good thing you've been waiting for, when it eventually comes to you?

I am aware of my high opinion of his character and circumstance, but I wish you can understand and trust me.  
Of course, nobody knows the future, we only live by the grace of God.  
And I pray that every event and outcome is according to God's will.

Let ME bring my husband to meet you, when the time is right. Please.

If a public vehicle's passengers are not a diverse enough cast  
 I will not get on the vehicle for fear of one chance  
 I only trust the cars that alas has at least one outcast  
 4 An old man, or a woman, or a child, or an extrovert  
 Just not a car or bus full of more or less quiet young men  
 If I'm already on and feel unsafe, I'll say I forgot something  
 If I'm not yet on board; I'll price it at half the regular price. Ah!

There's too much pressure in rise and shine  
 It implies shine even when we don't feel fine  
 I don't want that hell for mine.  
 4 I feel that reminders are for trying  
 to guide us to look at spots where we're blind.  
 So, shine but not 'at all costs', is what I'm saying.  
 I've got you love. And as that *meme'd* line

*I'm fascinated by the idea of physical desire versus metaphysical desire. That is, physical desire seems to be a desire for doing; it is utilitarian. And metaphysical desire seems to be a desire for being; it is ego. So, if I pursue a romantic partner for the experience of sexual gratification or intimacy, then that is physical desire. And, if I pursue someone because of what dating such a person says about me, then that is metaphysical desire.*

Many guys want their peeing to sound louder than it is,  
If my boys hear a weak splash, they may taunt and jest.  
This morning, a solution hit me like a bus solving for x.  
4 "Before I'll use any toilet, I'll sip a mouthful but not ingest,  
Then, as the pee hits the water, I'll slowly release reinforcement."  
I can form this habit by doing the spits in private and public.

1, 2, 3, 4, 5, 6, 7, 8, 9, here's how to make Pengk feel fine.  
Number one; Daily affirmation - Set your bare minimum on what to feed *tu corazón*.  
Number two; Keep your rituals - Communication, kisses, nicknames, et the usual.  
4 Number three; Look at me - Attend and focus on hot thoughts.  
Number four; Make me take a break - from 'hectic life' to 'play' and vice versa every mortal day.  
Number five; Don't hide - You can tell me anything at all, alright?  
Number six; Spellings and punctuations! - Inore's precision gives me satiation.  
8 Number seven; Steal my kisses whenever you feel like - Give me heaven, o sexy ecstasy.  
Number eight; I am your man - I am not suitable for any *thot daught*, so kill a lot.  
Number nine; Have Trust, Respect, Care, Confidence, *et cetera* on the rest.  
Number ten; Pet a cat on the street when you see it. Try to include the non-included.  
12 These are the step-by-step ways you show your love as true.  
I love you, boo. Sorry that this poem was a day due.

Why are you so fricking perfect? Are you real?

"Our past, present, and future exists all at once"

What does that even mean? Time-travel?

"Entropy flows forward giving an illusion of perception"

Where have you been all my life? With heavenly father?

"When the universe began, I was holding your hand"

How the hell did we find each other? Does it matter?

"When the universe ends, I'll still be holding your hand"

This is The greatest poem in the world's existence

-s tribute poem from a beginner poet like myself.

Its sweet dream and ample wordage are still beloved

even though I can't remember the words or topic.

It was the best poem in the last hundred thousand years.

I could feel tears as I rhymed the freestyle's objective bars.

Believe me, the poem was very unlike this very poem.

This is just a tribute to the day that tenaciously destroyed my brain.

By this time in twenty-twenty-five, time won't be slow.

The planning days will melt together after invites are sent.

"You're cordially invited to witness Marvelene wed Pengk."

We will do it right, will not die, will have 124 days left.

You'll make a white attire; I'll make a white breast pocket.

I love you, Marvelene, my mingled pringle, never forget.

I am enjoying us very much; we are a perfect match with no end.

We are stinking rich and disgustingly stinking-ly in love.  
If I imagine a market man or businesswoman that sells;

They would look at us as if we were bizarre childhood art.

Two days ago, I found out that Annabelle just got married.  
 So, by now, Joe Taylor has disvirgined my crush post-marraige  
 She's now a wife. What a life. And soon to be a parent.  
 4 It's a logical progression from their dating, and meeting parents.  
 I'm not perturbed at them; they upped and then went on without me.  
 But suddenly, I am jealous; writing poems is not "easy peasy" ...  
 Life is a series of reactions to environment and culture,  
 8 and for not possessing or receiving her love, here's my feedback.  
 I just pray, for Annabelle's sake, that they are both soulmates.  
 My life moves along away from Annabelle, my only heartbreak.

NNAMDI AZIKIWE

It's your 500 naira zaddy, Nnamdi Azikiwe, here to say 'Gengen Rap Battles of History'  
Alhaji Atiku! versus Asiwaju Tinubu! versus Peter Obi!

2023- Feb- 22

*Today marks the start of my 40-day introspection.*

**Begin!**

## ALHAJI ATIKU

My fellow Nigerians, una how far, I am Atiku D. Abubakar.  
 Grand Commander of the Order of the Niger, Waziri Adamawa.  
 I possess the connections for this election - the things that Peter Obi needs and lacks.  
 4 I'm a Master's holder in our nation's away relations, while Tinubu claims he's not a quack.  
 Making good things happen - PDP - Power to the People  
 We are the party with structure - our democracy is a government for the people.  
 Oh, just because we did not play ball, Obi switched from PDP down to Labour.  
 8 This is not the first time he left us, and this will not be his final betrayal.  
 "Buhari's been a bad boy", who put am? Make una blame Tinubu -  
 Ex Governor, Lagos should have sacked you! Ex Governor, Anambra sacked YOU!  
 I paid for this seat, you know it's not free, I don't trust any of you, I trust me.  
 12 Step down and watch my ascendancy.. Whats that sound? I dey gidigba, no p

## ASIWAJU TINUBU

My dia! This is what you do with internet freedom?.. Bars! - you will soon be behind them.  
 As the Christians resort to violence, I should get myself a Muslim VP  
 I paid for this seat, you know it's not free. I must win this election, over my dead body  
 4 will I lose, if I use all of my councillors. I chase the applause, don't mind the cost!  
 Here's the world through my eyes; the Labour party currently has no officials to work with this guy  
 Meanwhile, I've got spies on the inside 'nd they say PDP despises its bride.  
 Wike has started beef with the alleged commanders-in-chief.  
 8 The Naira nor dey fear me, na me be jagaban.  
 If na votes them dey sell, I pay triple for each one.  
 You dey ment? Abi na juju? It is now my turn - tell the people to vote for Tinubu.  
 Broom, broom, broom, broom, broom; Cockroaches get killed by broom.  
 12 A vote for me is a vote not wasted. You simply must - abi you wan COLLECT?

## PETER OBI

Atiku and Tinubu, the ancients, see, our Nigeria is obedient.  
 I am food for thought to the youth, I am not desperate to be president.  
 It's evident I am competent, I'm heaven-sent, and I'm passionate to see a Nigeria that works.  
 4 I risk not living to see our glory - you just want to be resident of Aso Rock.  
 Where has the party with "STRUCTURE" taken its people over the years?  
 I will remind you, good sirs who bribe in dollars, you are not secretaries of foreign affairs.  
 There will be a revolution in 2023. Go and ask the youth; they are here, they can see.  
 8 I will lay down my life if it sets us free from the APC/PDP stealing our PVCs.  
 Pay some attention - you don't want to fail this exam.  
 Nigerian banks, come on, buy the new Nigerian brands.  
 And, if you must import, try and buy most of your foreign goods second-hand.  
 12 Chai, my guys, pack your kaya and fly oh, the cost of governance is too damn high oh.

158/1001

May God guide you and protect your movements, my love  
You will live to see your children's children's children  
I look forward to your recounts of adventure, my love  
4 God will give your heart of gold more stories to treasure  
Polling Unit one-hundred-and-ten will pamper you as you staff it  
If you make any mistakes then we will laugh about it, my love  
The election may hinder networks but not our connection  
8 You are my woman mahd blessed for your ventures, my love

I was unavailable which was not my fault.  
We were weighing money from a PDP vault.  
Weighing it, not counting, for approximate accounting.  
4 "Holy fucking shit", I thought "this is for vote buying"  
The funny thing is they may pay, but they can't buy Obidients  
We are ready for Olds to retire, not reimburse their purses  
It is now the penultimate day to Nigeria's presidential election  
8 I pray the election day to go smoothly without too many cancellations  
Win or lose my nigga, I will vote for Peter with the messainic figure

Dear God, I and Marvelene are both sexual beings  
 with sexual feelings, and we have endured unfinished things.  
 We've once kissed for one hundred and sixty-five minutes,  
 4 and as you noticed, we didn't go further than that kiss.  
 We think with care before moving our pieces on the board.  
 For the sake of ~~you~~, my kiss should move south of my broad.  
 I thank you God for the food that I am going to eat  
 8 Please accept my wordless moans as I righteously devour it.  
 I'll give her ~~a blowjob~~, and I don't want one in return.  
~~My semen~~ is expensive because a baby could be born.

Look at us, we're still Disney Channel Bestfriends,  
 and after today's eve, we're no longer innocents  
 We ate a knowing apple, and then I tasted your garden  
 4 I'm proud of my 165'ing you to forbidden oblivion  
 It's funny your orgasms were so hard you got body fatigue  
 Your misbehavior wasn't in screams, it was physical blitzkreig  
 You are indeed a woman, my woman, I have seen evidence  
 8 God has blessed us with this our genesis experience

There seems to be so much trash around us the human race.  
 It accumulates in our cars, our ears, our seas, even in space.  
 There's trash in landfills, on streets, and on the Moon and Mars.  
 4 When aliens see our star, they'll visit our trash hoarded so far.  
 The rotting bones of civilization we don't know what to do with yet  
 The boys, girls, and AI who made them didn't think they were useless.  
 Else this poem would be trash someday from some guy on the internet.  
 8 Well, I'm Mahmood Yakubu, and I am indeed trash. Never forget.

'Act Like a Lady, Think Like a Man' is a book by Steve Harv..  
 He advocates waiting 90 days to open the cookie jar.  
 Men control who gets to marry, and women control sex.  
 4 Delay should give one ample time to observe and dissect.  
 It's a deal-breaker if we share our thrones with someone else.  
 I have male friends; other women are professional or family.  
 She has male and female friends and sex is where the peace talks cease.  
 8 So, that's our plan; I am King for her, and she's Queen for me.  
  
 (P.S. We went by the book without knowing we went by the book.)

Title: What colour is your parachute? A thesis on flirting.  
 In order to seduce, one needs confidence - that one thing.  
 Do not overthink charisma nor experiences of bombing <sup>1</sup>.  
 4 There's bound to be stinks during one's days of love-bombing <sup>2</sup>.  
 But it's not yet the world's end, you should practice shit eating <sup>3</sup>.  
 Any desire to escape is different from self-preservation <sup>4</sup>.  
 True preservation is to double down, put all your heart in.  
 8 Drown out the background, as you lift your voice and sing.

*The correct method of storing a large long stone is not to store it flat, propped up by two supports. The column may simply snap in half under its own weight. So, three supports must be better, right? Wrong. One of the supports, after a long while, will decay or sink into the ground, while the others remain strong. Lay it on the ground. *Self-discipline is salvation.*

<sup>1</sup> Bombing is the bad feeling of failing at your ongoing performance or joke, and still continuing it.

<sup>2</sup> Love-bombing is the practice of showering a person with excessive, relentless, consistent affection and attention as a way of manipulating them to settle for a relationship.

<sup>3</sup> Eating shit is the act of pretending to not notice your joke's failure, in an attempt to win back the audience because of your enthusiastic, confident, undeterred continued performance.

<sup>4</sup> For whatever reason, when you don't get a positive reaction from your audience as you act out your bit, you may wish for the ground to open up and swallow you.

I used to see life's rhymes, but not anymore  
 I no longer notice interesting patterns, I'm bored  
 I'm on the floor, looking up, thinking "this is overwork, for sure"  
 4 I've grown complacent, perfunctory, I could go on and on  
 My best luck is I am prepared for this like a good boy scout

Say, Pengk Sylvester, will you marry me on Saturday?  
 Screw the paperwork, let's do things our own way  
 Sure, our parents may be pissed that we rushed, eloped  
 4 But fuck it, we shouldn't have to live by their tropes  
 Who's gonna be our witness? The preacher, the sister, the stones at Crushrock pier?  
 A thousand and one days down to one moment, into each other's eyes we stare  
 Life before and after, a galaxy of emotions twirling in tide  
 8 We turn a blind eye to societal norms, we decide

Alter? Better is in the taste of the beer-holder, but I'll try  
 I really should teach you how to freestyle  
 There's multiple methods, but this is my own way  
 4 You have to first figure out something true you want to say  
 Come up with a rhyme for it that can go on top  
 Then you add the filler on up, a two-line rap  
 So if it was me writing, this is how I would have begun

Kids are cool and all, but they are less than your dice's five, six  
But on some days I lose the drive in this ride; my pick up sticks

Maria, your Aunt, my sister, Perfect, just judged me erroneously  
 Claimed I, me, your father, Pengk, despise and hate calling

 4 I felt sub-senior, inferior, non-prime, doing time, not feeling sublime  
 My Dad's the guilty one, your Honor. I wouldn't dare to ever harm her

There's an element of madness for me to have conflict with a god.  
A desperate delusional mortal fighting a deity immortally bored.  
I am Jacob wrestling with an angel, I am Cicyphus pushing up.  
4 I am Israel in the Middle East, a beneficial adversary who won't stop.  
Could be that I am clinically mad, insanely shameless; so if this isn't you too,  
Don't do it. To stare down an actual god is what *I* wish to do  
But, if *you* want it as well, hook onto this songbook.

208/1001

How did isolation from internet feel? Not as annoying, right?  
I kept asking God to reward my faith, by bringing light.  
I had exercise, ice cream, and later awoke five times in the night.  
4 I prayed I didn't miss important calls, and so far it seems alright.  
I spoke to myself a lot, trimmed my toenails, kept me in sight.  
I kept imagining honeymoon scenarios (they make Pinky tight),  
One involving I initiate you into the Mile High Club, my Knight  
8 Which means; when we sneakily have sex while on a flight.

*I'm a believer in the ordinary and the mundane. These guys that talk about "quality time"—I always find it a little sad when they say, "My kids and I have quality time." I don't want quality time. I want the garbage time. That's what I like. You just see them in their room reading a comic book, and you get to kind of watch that for a minute, or [having] a bowl of Cheerios at 11 o'clock at night when they're not even supposed to be up. The garbage, that's what I love. I stay up at night before bed talking to my wife about how easy this parenting thing is.*

- Good morning diary, I'm grateful for not dying yet, yay.  
I've got a gooey flu, and haven't slept well in a few days.  
I'm not eating well, I can't tell why I'm not hungry.

- There's two ways to mark a test - top down or bottom up.  
They both have their advantages, both have their fuck-ups.  
In subjective tests, you'd lose a mark for every seen flaw.
- 4 In objective tests, you'd get a mark for every right answer.  
From zero to one hundred, or from one hundred to zero.  
Which test is best to make your student better? I don't know.  
Top down could be depressive. Bottom up could be too mean.

What comes after consciousness?

Whatever came before it.

What comes after Heaven or Hell?

4 A bow to the audience.

What comes after emotion, imagination, knowledge?

How should I know? Do these your questions have an end?

What comes after language, computers, philosophy?

8 Are you. . .

What comes after science, art, religion, God?

. . . even listening to me? How about, what comes after me?

Wh. . . My realisation that you were doing your best.

12 What comes after that? Would you miss me?

That depends on the person who's next.

Considering the timing, the thing I can offer is poetic love

To you, babe, the only woman that I have been thinking of

I am in love with you, intellectually, emotionally,

4 physically, spiritually, mentally, *bleh bleh blehsically*

Sweetest of all, is to know that you, too, have romance for me

Can't you see? We have a true once-in-a-lifetime opportunity

I need you to know that in January when you bought me fuel

8 I had never felt that any woman could love me so well

But you have consistently surprised me with your unending passion

And you coolly give me chances to prove myself in action

I am very pleased with you, and I'm extremely content with anything you do

12 My only concern is that I can't love you any more than I currently do

You are everything I need, and in everything I want

How's *that* for romantic? Am I hopeless or what?

Her response: *Babe, my love, when I said I wanted romance*

Well, what do people have when things are insane;  
 when they're truly lost, when they're absurdly rich but in pain?  
 Well, they have the structure around them to induce

 They have their partner; their wife or husband  
 They have their children, they have their friends,  
 they have their parents, and their siblings and communal brethren,

They (almost) all must adjust, to simmer down their puffed chests

I'm not yet there, I'm stubborn, everyday learning to surrender  
I won't massage your feet like a nurse because I'm squeamish,

*Silver has proven to be a valuable metal; easily worked and durable. It was widely used for currency, art and medicine. Like gold, silver didn't rust or deteriorate. Before the industrial revolution, silver didn't need to be polished, because there was less sulfur in the atmosphere (unless you lived near a volcano). And because some organic poisons contain high concentrations of sulfur, it was found that poisoned food or wine could blacken silver on contact, leading to the widespread custom of drinking from silver cups, or eating with silverware.*

I owe you an explanation for why I lost fruits of the spirit, innit?  
I'm in the red and won't stick to a sense of black entitlement

4 To work my way away from the bottom, repaying my motherland  
There was no end to your taking so I had assumed my debt repaid  
But there's no Jesus in that feat so I'll forfeit pursuits to gain  
I gave some, I will give more. I will pay all that I owe.

*I'm not fine. I'm not. I haven't been feeling well. I know I need to see the doctor. Who knows, there might be a cancerous cell hiding somewhere. I refuse to die yet. I still have so much to do for my folks. I've been pulling all nighters simultaneously. I'm probably 10kg by now. I know it's my choice and all, but I wish someone would check on me like a baby. Of course I'm an adult, but I guess I'm still a child. The one person I want to talk to anytime keeps getting busier and busier. And sleeps when he's not. Why am I feeling lonely these days? I shutdown my WhatsApp cos the only person I chat with no longer chats with me. It's messing me up, my expectations met with disappointments. So I decided. I'll reduce the attention I give to him, to increase the one I give to my improvement. It's like I'm taking a page out of his book, so he'll understand. At the end of the day, I have to provide for myself. I have to work for me and my family, and lookout for them. God knows I hate being a burden, and I was never really interested in getting attached to someone. Shit happened. The doing list was not for created for me in the first place. Tis to Maria, and for him. Does he think it's the same thing as texting me? Surely not. When he wakes up, the doing list. It's now the doing list. It used to be different. After the doing list for a day, he falls asleep. What do I get? Poems. Mostly. I want to be asked how I'm feeling. Cos I'm actually not fine. I prefer him calling, cos unlike me, he can't leave what he's doing to pay attention to me. Divided attention. Distracted. It's frustrating, with the bad network too. When I call, I easily lose the vibe these days. Before I call, I'm really excited. On the call, I gradually lose it. I no longer remember exciting topics. Can I actually survive without talking to him? Surely not. I'm just reducing my attention for the purpose of self-improvement. What's the use telling him all these..... It'll just repeat itself later. I know if I die before him, I'll become a distant fond memory. He'll have to remarry, or marry someone else, he's the first son an all. What am I typing? Is it my nature to mess up the good things in my life? My eyes are leaking. I actually feel lonely. I should put this energy to coding. Do I even have this energy? My hands shake occasionally, my chest hurts, my legs are weak. I'm getting weaker. A part of me hopes he reads this, a part of me doesn't. I love him so much. The urge to reopen WhatsApp is really strong right now. I'm going back to work.*

The name "honeymoon" traces back to 1500's Europe.  
Back then, people would drink mead, made from honey syrup,  
The moon in june looked like that mead when it was full and amber,  
4 Because the moon was angled low in the sky to get that brownish glamour.  
That tradition of calling the first month of marriage the "honeymoon"

 Leftover toothpaste that I'll replace, leftover cream for my face.

 When will I find out why I am who I was?  
 Will the realisation come milliseconds before my death?  
 4 Show me, please Lord, answer my calling, I beggeth,  
 So that I may bless the bitterness as well as the success.  
 Show me my purpose, Maker, so that I may do my best.  
 Lord, yes, I can sense you, I am learning it at last.

Sometimes a home isn't four walls and a roof,  
 It's that nice girl you met unexpectedly with the most  
 pretty soul, a gorgeous smile, the dreamiest laugh,  
 4 and a beautiful body that is now your better half.  
 And we're not merely additive, we're multiplicative together  
 We seek to become one flesh, our connection is eternal.  
 Marvelene's smile is the most beautiful dawn, her smirks are mischievous tilts.

 Although I must iterate that I do not support that debauchery.  
 My idea of the first thing I would buy if I came into so much money is this;  
 4 But first, I must stress, do not be liquid in such obscene amounts.  
 Some people would rush to pay off their debts, some would purchase yachts,  
 But I am about to confess to you what I, Pengk Sylvester, would get,

I was a twenty-three-year-old, Christian, foolish intellectual,  
As well as an engineer, a civil one, and a Nigerian first-born son;  
4 Who aspired for England, yet mingled to become a loyal husband.  
My commitment started in the year Twenty-Twenty, September Nineteenth.  
I was chasing a girl named... You know what, let's call her *John the Baptist*.

4 She was broke and beautiful, and intellectually hot in a back and forth.  
*John the Baptist* was always busy, Marvelene wasn't, and was better.  
So, I took my daily poetry, my seeds, to the soil that was wetter.  
Marv's renown of attractive beauty, I knew was fleeting and frail,  
8 Her mental excellence, methinks, is her more splendid lasting detail.

I overwhelmed her with my focus, and bombarded her with persistence.  
To show my face as a worthy partner, in a race with fellow Africans.  
I told her about my secrets, my life, and how I think  
4 For instance; **I don't fear death anymore, and it's because I'm an optimist.**  
I sent her buckets of topics like these, daily stones at her window.  
Some men would have appealed with *duckets*, but I was more memorable.  
To be loved is sweet *sha*, Marv's daily feedback gave me strength.  
8 I'm glad that my obsession with poetry was a mutual predicament.

I had built a module in my brain that translated everything to potential poems.  
 The words just sort of, came to me, like a distant whisper in time.  
 All my time, and my discipline, to give my someone my something.  
 4 My soul, my time, [my immortal rhyme](#). [I was ultra loyal to Marvelene](#).  
 In case poetry is what you want to do too to win your boo,  
 It's a good choice to save your dollars, so here's my cent or two,

In a way, it was my patient joy of the process that made me write everyday.  
 And as I practiced, it got easier, the man in the mirror was made of clay.  
 I may say, the greats who I listened to, were who moulded my play,  
 4 Lil Dicky, Kanye - from the US. Shuffle-T, Marlo - from the UK.  
 From Puerto Rico - Lin-Manuel. From Nigeria - Havfy, Adichie.  
 That was my bouquet of non-clichés that made a good gourmet in any soirée.  
 Those were the writers that inspired me to fulfill my calling.  
 8 In leaps and bounds, my amount of crowned psalms was soundly outstanding.

Marv let me ride on with the poems, keeping the chess game alive.  
 White pawn to cell E4, and black pawn to E5.  
 I was ride-or-die committed to satisfying the cinematic chase.  
 4 White bishop to C4, and black knight to C6.  
 After a while, Marv agreed it was time for me to meet her parents.  
 White queen to H5, and black knight to F6.  
 I proposed our engagement, and she said yes to save the date.  
 8 White queen to F7. Check it, *a scholar's checkmate*.

I seek to acquaint you of my affection and esteem for Marvelene.  
She's the most excellent of women, and we are yearning to get wed.  
4 I'll play my part, ready to war thousands for the object of my world.  
If I have proved myself to you, worthy of that honour, I pray,

*On the day that I requested her hand during an evening conversation,  
Before midnight, we had planned our menu, venue, seating to positive satisfaction.  
I had made myself the perfect date - I was a catch, so I was caught.  
4 We arranged our wedding day for, Twenty-Twenty-Three, June Eighteenth,  
We quickly approached our future to end up with the perfect partner,  
Burning the midnight candle like it was a thief in daily Onitcha.  
As I was making my steps to finally settling with my wife.

*Outside a window, a pharmacy sign blinked one colour at a time.  
There was no denial of whose house I had come into last night.  
I was in Spain, but without the S, for cheating on my spouse.  
4 Like, Fuck! I should get an orchidectomy to remove my brazen big balls.  
But more, I must use the testicular fortitude to confess to Marvelene.  
For Marvelene's sake, I must be the dude that confesses everything.  
She's my soulmate, and I must dare to explain the facts despite my reluctance,

 My penis had a higher tendency to cope at stress using sex.  
 So, with great shame and guilt, I confess I slept with my ex,  
 4 Please forgive me, I've cheated you. I was a pervert for that instance.  
 John the Baptist was not, is not, and will never be a mistress.  
 Don't predict infidelity - I can kill her for you, I can make her a past tense.  
 I will never ever marry another woman, this poem's for reassurance.  
 8 Nor will I ever entertain the thought of a second mistake in lust."

I was sure it was my duty to break the silence on my dealings;  
 But she wouldn't believe me, said "Stop playing, I shaved my legs for this."  
 We were at mine, and I laughed while I confessed to her, as if it was hysterical,  
 4 But it wasn't a joke to either of us, the *convo* wasn't a pleasure.  
 I became aware of her high opinion of my character and circumstance,  
 That's when I began to cry, and that was Marv's blessed assurance.  
 She realised my sin was true, and then turned to face the door.  
 8 I can't forget, before she left, she was like "What are you waiting for?"

If one wades long enough into an abyss, the abyss wades into you,  
 Whisper "fuck you" to the darkness, and possess your *nom de guerre*.  
 I would have no web of lies; give others no hope of becoming queen,  
 4 Else my fiancée's unprompted flashbacks would turn random moments to cringe.  
 What if I didn't want to kill *John the Baptist*, even though I should?  
 It was too late now, I started the thing that was corrupt and stupid  
 And I must end it; else I turn into a monster who fosters room for rue.  
 8 So, surrounded by this present darkness, my North Star must remain true.

- I knew I could do what it took to survive my crisis minutes.  
I didn't become the darkness. With alertness, I texted *John the Baptist*.  
It was okay, *John* liked me, and trusted my judgement for what came next.
- 4 She responded to my text request to give her more bomb-ass sex.  
I went to her place at night, immaculately dressed in a suit,  
And used my necktie to strangle her, without a prior pursuit.  
I staged her apartment to look as if she had committed suicide,
- 8 When I left, I felt bereft, and composed a poem in my mind.

She watched as he delicately placed the tray inside.  
With two seperate oven gloves, he baked it; he took his time.

- I could never forgive myself for killing the not-so-innocent girl,  
I had done the unforgivable - my stomach would always swirl.  
I broke myself deeper into fears, tears for doing the dismal chore.
- 4 I had killed *John the Baptist*, to prevent *her* delusions of grandeur.  
It was how the story had to go, for peace to reign for all of us.  
And I had done it for Christ's sake, for Marv's sake, My 'Jesus'.  
I spent some time trying doggedly, ruggedly stumbling, fumbling forward,
- 8 And Marv later forgave me with charmed open arms for the marraige I offered.

We went ahead with our marriage ceremony, and lived happily ever after.  
 We didn't publish my anthology because the tell-all would bring disaster.  
 Marvelene kept male friends; offers of sex were where the peace ceased.

 My story is not a recommendation, we may be different people, don't forget.  
 This was how 'I' wooed my wife, with very many poetry, and killing a lot.

*Note to self: If you ever get invited to be interviewed by some detectives, especially if there is a dead body in the scenario, be prepared to be accused of the crime. Also, make sure you don't actually be the person who killed the dead person. And, when given the chance to talk to the detectives, starting an answer with "honestly" doesn't put the cops at ease, and make sure you get your lawyer involved first.*

*My Marvelene and I are new to intimacy, and relationshiping in general,  
She expects a lot of random acts taught to her gender, by the rom-com genre.  
She got mad at me for not calling her on days when I didn't feel like it,  
4 But forgot to mention that whenever I see a call from her, I always pick.  
Whether I'm working, or chilling, or in the middle of Netflix and a meal,  
I answer her calls in bid to improve how I guess she may feel.  
And it's not enough, she wants calls, flowers, to be swept off her feet,  
8 But I gift poems, and data, and my heart, in practical things.*

*"Ayy, I know this dude!  
This dude that they're talking about, on the news,  
I met him once upon a time.  
4 Damn... I wonder how he's doing,  
I still consider him a very good friend  
even though he's dodged all my calls since then.  
Let me call him again, fuck it,  
8 maybe he'll buy me airtime credit."*

*Funny how I can't fall asleep on our calls like you can.*

*Oh, my fucking god, my love, this again?*

*I'm just saying, I'm often wide awake for you, focused on pleasing,*

*and even when your calls wake me up, I stand up, and listen.*

*I see our phone calls as a chance for some free therapy.*

*Am I too focused trying to heal you, than you try to heal me?*

*I have friends that call me and inquire about my well-being,*

*But my own boyfriend doesn't want to give what he receives.*

*Damn. I knew it hurt, but not how bad it really was.*

414/1001

*Do you love me? How badly?*

*Would you die for me? Can I see?*

*Do you love me? How madly?*

*Will you and I become a we?*

*Will you fight me? Seek my advice?*

*Trust me, but still verify?*

*If that's not love, then do *you* know?*

*Do I love you? I suppose I do.*

415/1001

*I think you're being protective, and hiding my truth from me.*

*Probe me to expose my soul. Can you be more probing?*

*But, I know why you don't. I'm not strong. Not like a real one.*

*I cry a lot, at any inconvenience. I'm even crying right now.*

*I'm tired of graduating from school, to school, to school,*

*with no breaks in between, and then NYSC, where I met you.*

*And I'm really broke, and I just want a job, so I can work, and earn.*

*I need the opportunity to be the fragile, generous human I am.*

Dear diary, the funniest thing ever, happened today at sea.  
A British vessel had the balls to reach out for help, to me.  
It was almost like they had forgotten the year was Nineteen-Forty-Five,  
4 And were hoping that an ally or neutral party would keep them alive.  
Oh, how I hate those damn, posh, infidel English men and women.  
"Mayday, mayday, this is Her Majesty's Ship 9A, and we're sinking."  
As if I would give a heaping hot damn if the enemy were to drown.  
8 So, I said "Zis is German submarine. Vat are you sinking about?"

- We can make change. We can make change.  
Bring forward your money and we can exchange.  
We've got pence and sense that we shall never lack.  
4 We've got more quarters than a police barrack.  
We've got dimes, two-penny, and nickels,  
We can make change, complex or simples.  
We've got fifty pence, your fiddy cents' brother.  
8 We've got all the nation's denominations for whatever.

- I am a cursed man, and my accursedness is in my wants.  
I am a slave, loyal to masters, not for benefits, but for faults,  
Weaknesses of the mind that prevent me from straying otherwise,  
4 Cowardice is not the word, these are just where my loyalty lies;  
I need a Fossil watch, I need Uncle Emmanuel's approval,  
I need my Marvelene, I need eight lines to be my identifier,  
I need to give gifts to my juniors (X\*10 dollars on their Xth birthday),  
8 And lastly, I am cursed to always need to do things my way.

When a child is born, the offspring needs its mother.  
But to a teenager, the mother's care may be a bother,  
Life goes on a bit further, and brings a balance to the order.  
4 In adulthood, the mother and daughter give each other,  
Until the parent starts to resent the kid for taking over.  
Because most beginner 'needers' do not want to be the needer,  
They still yearn to be the giver; Mother wants Daughter to owe her.  
8 And later, Mother dies, Daughter cries, and pays debt to newborn leader.

A woman can do anything a man can do,  
it just takes her dedication, tried and true,  
to overcome other people's preconceived prejudices,  
4 and eschew her own self-doubt, to embrace life's many nuances.  
For a poor family, the mother and father do random shit.  
In an average family, one of them stays home to collect the profits.  
For a rich family, they both work to provide together.  
8 In a wealthy family, one makes the family business suffer.

A wise woman once said to me *'vows are better than flowers'*.  
And I have some more vows to give before my final hours.  
I love you. I always did, and always will love you, dear child.  
4 You are the first woman ever to not leave me traumatised.  
Girls have made me feel inadequate, and it sucked to disagree too.  
I'm glad they couldn't harden my heart from loving through and through.  
I'm glad it's you I'm committed to, you're the best woman I know,  
8 You're smart, and gorgeous, my dear compass, and so a toast to you.

- Am I finally being myself, being coherent with reality?  
If so, who benefits? Because it sure as fuck ain't me.  
Where has truth helped? It hasn't put more to my wealth.
- 4 So, I want to be delusional in thinking highly of myself.  
Where I am and where I should be, are different, and it hurts.  
I have little to no expectations placed on anyone else.  
Why is that? Did I choose to push that to please others?
- 8 Who even am I? Who do I live for? Oh, help me Jesus.

429/1001

2023- Nov- 21

- There's extensions of me through time; past, present, and future  
We are a community of people each getting a turn to maneuver  
Jesus can't take the wheel, I have to make the best choices
- 4 I'm only a helping hand to all of my future voices.  
To make life easier isn't obvious, because I can't see ahead,  
But there's someone who can, and his name is God.  
I bet he's the one who advises me to minimise my regret,
- 8 then does the rest for me - what God can't do does not exist.

- The Abuja Electricity Distribution Company's supply is not constant.  
Their kilowatt production is less than their population's demand.  
So, to serve everyone in a Y number of districts,
- 4 Only an X number of districts will actually get electrics  
At any given time (where the number Y is greater than X).  
This is called load-shedding, and to solve it needs investments.  
I have a complex solution, since our government has no funds;
- 8 Supply a constant metred power to people under certain tax brackets.

If you are given five loaves of bread, and two small fishes,  
To share between five thousand misters and their misses,  
Don't share it on a 'first-to-come, first-to-be-served' basis,  
4 Nor sell it to a high bidder, nor wait for more to be served first.  
It would also be irresponsible to try sharing out tiny morsels,  
So, that was **not** what Jesus did on the mount, silly mortals.  
Instead, close your eyes and think; Who **needs** the portions?  
8 So that, the public food will go first to those without private sources.

You're easily the most perfect and naughty girl of my dreams;  
To feel your legs shake around my head used to be but fantasies;  
Now I hold you, and fuck you; I know your body, and which buttons to push;  
4 Cum for me, clench all over me, grip my cock, and melt with your cooch;  
Look at you, taking me so well; I'm glad you like it, but it's my pleasure;  
Is this how you need to get fucked? To turn your guts into mush, as you seizure;  
Your breasts, your thighs, your finger-licking goodness, in our intimate setting;  
8 Eyes on me. When you moan, that's a verification code for a successful connection;  
Your pussy was made for me, think about that, my dick was moulded for you;  
There she is, you feel like home. Look at me when I'm fucking cumming in you.

I was a twelve-year-old when I watched my first beheading.  
It was a 20-minute video, message sent to my BlackBerry.  
Picture the light from the screen reflecting on my boyish face,  
4 As I listened to the screams of “Allahu-Akbar” all over the place.  
There was so much blood spilled, and the victims didn’t protest.  
I forget if they put one’s cut head on his or her back or chest.  
And now that I’ve grown up, to work with Muslims at my job,  
8 What do I do with all that trauma? I write this certified bop.

*I love my Mother, but. . .*  
*Sometimes I want to break free from her generational trauma.*  
4 *She seems to me, to be at the mercy of her husband.*  
*Her marriage is archaic, her limits are self-imposed for fuck’s sake*  
*I always needed my Mama to be a more efficient woman and teammate.*  
*Sometimes, I see her relationship, and think ‘slavery’. Not for me.*  
8 *I vow to be, and to have better. I won’t let their dynamic affect me.*  
*She just never felt what I now feel; the full thrust of real love.*

- The art that comes from deep within,  
Does not need a commercial win.  
Market values are confusing,  
4 So, focus. Focus on the one in a million.  
The muse; a movement; my thinking ink,  
To get a certain way, to make a certain mark.  
That's what matters to me, not the public.  
8 So, a toast; a toast to fuck off sale statistics.

- First of all, don't call a girl a trophy,  
Because shit's rooted in the misogyny  
That the woman is an common commodity  
4 To be showed off, and devoured as a prime youth.  
I'm just saying, if you really love her, she's an asset,  
Not a collected testament of what your wealth,  
Which you had accrued, could do for you.  
8 Secondly, secretly, men want to be trophies too.

Tss... Oh yes, and cheers to a Good Anniversary.

Not to mention your very merry Twelfth Day of Marvmas.

4 Oh, I can't wait to get a chance to kiss your ass.

I love you. Even if I die tomorrow I'll always be grateful

for the time we've spent together as our unique couple.

New day, new prayer, new year, new era, for you to grow into.

# Notes on Some of the Poems

## **2022- Sep- 19:**

This is the very first poem. I started this book to woo a woman named Hiba, and I pivoted away from her when I fell in love with my best friend, my soulmate, my Marvelene.

## **2022- Oct- 16:**

This is a true story. My sister, Perfect, was raped multiple times over years by a family friend, Ozioma, who was responsible for looking after us as children. I had felt powerless to save my own sister, and I wish I knew how to report him.

## **2022- Oct- 17:**

'Give two cents' is a colloquial term for 'give advice'.

## **2022- Nov- 9:**

## **2022- Dec- 24:**

This poem is about Christmas capitalism.

## **2023- Jan- 4:**

This is a calligram made of haikus. A calligram is a poem where the body of the text is laid out in such a way as to create a silhouette-like image. A haiku is a short form of Japanese poetry composed of only 17 syllables in a 5, 7, 5 pattern.

## **2023- Jan- 6:**

The wife's requests are logical loops with two meanings. The husband in the poem will end up buying a dozen loafs of bread because the store had eggs, hence fulfilling the wife's conditional statement.

## **2023- Jan- 19:**

Instead of an eight-line poem, I've opted here for an eight-word blackout poem.

## **2023- Jan- 23:**

I had wrongly calculated the end date in Poem 93/1001. I've corrected it in said poem.

'Sou desu ka' is Japanese for 'I see'.

## **2023- Jan- 28:**

Aflattus is a Greek word meaning the impulse of creative power or inspiration, especially in poetry, considered to be of divine origin.

## **2023- Feb- 9:**

The Notorious B.I.G. did a countdown-themed rap called '10 Crack Commandments', and Lin Manuel Miranda did it next for me with a musical number called '10 Duel Commandments'.
